Dear Friends,

Just a few fast notes on order and approach:

- Phone the legislator's office first
- Ask the email + U.S. mail address for the legislator's "legislative assistant." Explain you want to submit a request for a resolution you want passed in the legislature.
- If you have all our materials stored on your computer's hard drive — mainly our argument for impeachment, "New Jersey Impeach Time" and our proposed "Resolution to Impeach," you can send the .pdf files attached to your email that you address to the legislator's legislative assistant. HOWEVER, keep in mind —
- In most cases it's better to submit with our stuff printed on paper and sent to them at their U.S. mail addresses, or dropped off at their offices & given to the receptionist/secretary.
- It's important to have your own covering letter, in which you explain why you believe our country's in grave danger and we here in New Jersey need to take the lead to save the United States from the harm Bush has done to us and the world.
- Be sure to state you want to meet with the legislator "at the earliest convenience to discuss this matter," and that you will be phoning the office in a week's time to ask for the meeting.
- Keep a log of your contacts with the legislator's office. When you get a meeting, let us know. If you want, one of us can go to the meeting with you. It's very good when you demonstrate that it's not "just" you and your partner who want this. In fact, if you can get 5 or 10 people to go with you, that's very impressive to the legislators.
- TONE: Yes, it's important to be polite and respectful. And firm. We want this done.
- Always feel free to contact fellow peachers for help in writing, or practicing your talk, whatever you need. We're all here to help each other. You're not alone. Here are the people we need to connect with soon as we can:
